

# NHS FIFE PRESCRIBABLE GLUTEN-FREE FOOD (GFF) LIST

- Every month you may select a number of units of gluten free food from the following pages using the Gluten-Free Food Requirement Order Form each month. You may choose any combination of products to reach your allocated number of units. There is no need to order to your unit allocation each month if not required. You will be informed of the number of units you are allowed by your Dietitian, GP or Community Pharmacist (Chemist).

## NUMBER OF MONTHLY UNITS =

- You must be registered with your chosen pharmacy to receive this service. You must be careful not to go over your monthly units when ordering. It is not possible to 'carry over' units from one month into the next.
- Only approved foods considered as 'dietary staples' that form the basis of a nutritionally balanced diet are included in the list and include breads and rolls, flours or bread/pastry mixes, pastas, crackers crispbreads, pizza bases and xanthan gum. Gluten-free foods considered 'luxury items' include biscuits, cakes and cake mixtures are not normally available on prescription.
- The list (formulary) will be applied to all Gluten Free Foods supplied across NHS Fife for people choosing to receive their foods direct from their nominated pharmacy or continuing to receive a prescription from their GP practice.
- The list does not include all foods that are currently available on prescription. This is a local Fife list which includes products mainly stocked in the pharmacy warehouses – products that have expensive delivery and handling costs are not included.
- Our reference to products with Codex wheat starch has been removed as advised by Scottish Government.
- New products may become available and some products may be deleted. Your local Community Pharmacist can keep you updated. If you have any additional diagnosed food intolerances or allergies please contact your local Dietitian for more information. This list will be reviewed every 3-months to begin with to ensure the products included remain easily available.
- If you have any problems with access to the products listed please speak to your Pharmacist who will be able to help. It is important to arrange with your pharmacist details of when the products ordered should be collected.
- Further information about the Gluten Free Food Service is available at <http://www.nhsinform.co.uk/GFFSeligibility> and an online version of the NHS Fife Gluten Free Food List is available at [www.nhsfife.org](http://www.nhsfife.org)

## Allocation of Units

- People with CD have varying nutritional requirements for gluten free foods depending on their age, gender, occupation and lifestyle. The following tables provide information regarding nationally agreed prescribing quantities through the Unit Allocation and the number of units the various prescribable products contribute. The allocation may need to be increased for people with particularly active lifestyles or occupations. Exceptions to these amounts should be on the advice of a dietitian.

Monthly gluten free food prescription requirements	
Age Group	Suggested Number of units/month
Child 1-3 years	10
Child 4-6 years	11
Child 7-10 years	13
Child 11-14 years	15
Child 15-18 years	18
Male 19-59 years	18
Male 60-74 years	16
Male 75+ years	14
Female 19-74 years	14
Female 75+ years	12
Breastfeeding	Add 4
3rd trimester pregnancy	Add 1

Gluten Free Foods with their unit value	
Food	Unit value
<400g bread	½
400 – 599g bread	1
≥ 600g bread	1½
150 – 250g rolls / baguettes	½
