

GP Fax Numbers

Following feedback from community pharmacists, we have added an Excel spreadsheet of all the Scottish GP fax numbers to the Unscheduled Care section of the website. These are secure fax numbers and should be used to fax the completed CPUS forms (when using the PGD for repeat medicines, appliances and ACBS products) to the relevant GP practice.

We have also created a PDF version which can be printed out. We are currently investigating a more user friendly way of presenting this information, but meantime if you have Microsoft Excel installed on your PC, you can filter the spreadsheet to locate the relevant GP Practice.

There are a number of ways in which you can do this:-

- When you click on the link you will be opening an Excel spreadsheet
- At the top of the document there are drop down arrows, which will allow you to filter the data

- You can start by filtering only GP Practices in your NHS Board area by choosing the relevant one for you.
- Then filter by Practice Name.
- You will then be presented with the GPs associated with that practice along with their prescriber code. If you scroll along to the end of the spreadsheet, the fax number is also listed.
- You can complete the CPUS form and fax to the relevant GP Practice.
