Dear Colleague,

### **GLUTEN FREE FOODS SERVICE**

A review of prescribable products available on the gluten free foods service is now complete. As a result, the following changes have been made:

- Delivery costs have been changed where appropriate.

There are three product removals to the March update of the formulary list as they have been discontinued by their respective manufacturers:

<b>Product</b>	<b>PIP code</b>	<b>Status</b>
Bialimenta Tubetti 500g	351-1979	Removed
Bialimenta Sagnette 500g	364-1065	Removed
Glutafin Fibre Fusilli 500g	386-2646	Removed

Otherwise the gluten free formulary remains the same.

The formulary document detailing the full list of gluten free food products can be downloaded from the NHS Lanarkshire Community Pharmacy website:
