Further Information

This event is for the people and community groups of Aberdeen to connect with each other and learn how they can get more involved in their community.

This community gathering is an opportunity for people and community groups from across the City to come together to connect and find out about what is going on in their local community. The event is hosted by Community Planning Aberdeen, the City's partnership of public, private and third sector organisations. We work together to improve outcomes for people and communities and we are delighted to welcome everyone to this flagship community event.

The main event being held in the Cowdray Hall (access via Aberdeen Art Gallery) is an exhibition of community information. You are invited to wander around the stalls to learn about the different opportunities for you to get involved in your local community. This will range from how to access local support services to learning about the community groups working in your area.

You can also sign up to be involved in workshops which are being held in breakout areas throughout the morning. Number of spaces will be limited. **Sign up via the link now to avoid disappointment!** https://communityplanningaberdeen.org.uk/community-gathering/

10.50-11.30 Workshops Round 1

11.50-12.30 Workshops Round 2

Each round of workshops will cover the following:

1.1 How can we improve the health of our communities? Come and find out more about the role of a citizen researcher.

1.2 What does good community engagement look like? How do we ensure everyone has a voice and opportunity to make a difference?

1.3 Support and resources – What is available and what do we need to be more active in our communities?

Lunch will be served from 12.30pm
