

SPECIALS Contact Numbers
NHSGGC Central Prescribing Team

Community Pharmacists should e-mail PRESCRIBING@ggc.scot.nhs.uk for authorisation or advice.

Authorisation is not required if:

- The product is listed in Part 7S or 7U of the Scottish Drug Tariff.
- The product can be sourced from NHS manufacturing units in Scotland with no requirement for authorisation. For units in England or Wales, authorisation is required.
- Previous authorisation has been obtained in the last 12 months and the patient, the GP practice, the product, the supplier and the cost are all unchanged. Re-authorisation is required if the price increases by >20% (or if anything else changes in the prescription).

See below for some NHS GGC commonly used Specials manufacturers/suppliers contact numbers.

Manufacturer / Supplier Name	Telephone No.	Fax No. / Email
