We appreciate that days are busy and such examples can come and go without particular focus. As a result, we've made the process of informing us of such occasions easier, by way of an MS form. Either scan the QR code, or follow the link [here](#) to provide some

## This Weeks Key Messages

### Optometry referral form

A reminder that the latest version of the Optometry referral form is available via our Community Pharmacy Website [here](#). We have had reports of older versions still being in circulation.

### Education and Training: FTY Information Request

Trainee pharmacists starting their FTY from July 2025 will require both, a designated supervisor (DS) and a **designated prescribing practitioner (DPP)** during their PLP when the GPhC prescribing learning outcomes will be assessed. The DS may also be the DPP if appropriately qualified. We are keen to understand the current position of placements, supervisors and DPPs in Community Pharmacy. Please could contractors use the link/QR Code below to fill in a 2 minute questionnaire to provide this information? Keen for responses from all contractors even if it is nil response.

### Faculty of Sexual and Reproductive Healthcare

Scott Brown, Senior Pharmacist Women's Health in NHS A&A, will be chairing an event for the Faculty of Sexual and Reproductive Healthcare (FSRH) aimed at introducing pharmacists to the FSRH. Scott will be sharing his work as a pharmacist member of FSRH and how this has supported development of his role within Ayrshire & Arran.

Community pharmacists interested in this area of practice are invited to attend the webinar.  
Details for registration as follows:
