COMMUNITY PHARMACY EARLY WARNING SYSTEM

1. OBJECTIVE:

To forewarn pharmacies of any incidents relative to drugs, i.e. forged prescriptions, drug problems, security matters, Class 1 drug alerts, Immediate Public Health messages etc.

2. PROCEDURE:

Any pharmacist can start the cascade system by telephoning the master station with the message to be circulated. The master station will commence the chain of calls by telephoning the next pharmacy in the list who in turn, will telephone the next pharmacy as so forth until the last pharmacy calls the Mater Station thus completing the cycle. Pharmacies, which are closed, should be by-passed. If you by-pass a closed pharmacy it would be helpful if you could telephone them as soon as they are open.

Please ensure the current version of this cascade is easily available and that all staff, including locums, are aware of the procedure.

PLEASE NOTE - MESSAGES SHOULD BE KEPT AS BRIEF AS POSSIBLE AND PASSED ON AS QUICKLY AS POSSIBLE

3. BOARD/PUBLIC HEALTH/HOSPITAL INITIATION:

If the cascade is initiated by Board/Public Health/ hospital pharmacy staff they should contact the respective Master Station(s) within each HSCP.

4. COMMUNITY PHARMACY - NORMAL HOURS OF SERVICE:

Five days of the week (less any public holidays) - 9.00am until 5.30pm. One week day - 9.00am to 1.00pm (pharmacies closed on Saturday afternoons are identified as SAT/pmClose). Out with these hours; Pharmacies which are opened on Sundays are identified as SUN/Open and those closed all day Saturdays are identified as SAT/Close.

COMMUNITY PHARMACY EARLY WARNING SYSTEM

1. OBJECTIVE:

To forewarn pharmacies of any incidents relative to drugs, i.e. forged prescriptions, drug problems, security matters, Class 1 drug alerts, Immediate Public Health messages etc.

2. PROCEDURE:

Any pharmacist can start the cascade system by telephoning the master station with the message to be circulated. The master station will commence the chain of calls by telephoning the next pharmacy in the list who in turn, will telephone the next pharmacy as so forth until the last pharmacy calls the Mater Station thus completing the cycle. Pharmacies, which are closed, should be by-passed. If you by-pass a closed pharmacy it would be helpful if you could telephone them as soon as they are open.

Please ensure the current version of this cascade is easily available and that all staff, including locums, are aware of the procedure.

PLEASE NOTE - MESSAGES SHOULD BE KEPT AS BRIEF AS POSSIBLE AND PASSED ON AS QUICKLY AS POSSIBLE

3. BOARD/PUBLIC HEALTH/HOSPITAL INITIATION:

If the cascade is initiated by Board/Public Health/ hospital pharmacy staff they should contact the respective Master Station(s) within each HSCP.

4. COMMUNITY PHARMACY - NORMAL HOURS OF SERVICE:

Five days of the week (less any public holidays) - 9.00am until 5.30pm. One week day - 9.00am to 1.00pm (pharmacies closed on Saturday afternoons are identified as SAT/pmClose).
