

NEW

Chronic Pain Knowledge Hub & learning toolkit

DID YOU KNOW?

38% of the adult population in Scotland are managing a chronic pain condition?

Medicines are not as effective in long term pain?

A new hub and learning toolkit has been developed to support understanding for all staff members and help us become a more compassionate and knowledgeable, pain informed workforce.

Chronic Pain Toolkit

Developing a knowledgeable and compassionate Scottish workforce

Scan the QR code to access the hub on Turas Learn

These resources have been developed for differing roles - so there is something for everyone!

Go on - get pain informed!

Please ensure you have a Turas Learn account set up to get access to the hub
