

## Get involved ...

**Antimicrobial resistance is one of the top global public health and development threats.** We all have a responsibility to tackle this urgent global health threat and World Antimicrobial Resistance Awareness Week 18 – 24 November is an ideal opportunity. Please join us in sharing campaign messages and your activities on social media using #WAAWScotland. You can utilise these NHS Scotland resources for public messaging. <https://sgmarketing-newsroom.prgloo.com/resources/f/healthier-scotland-campaigns/keep-antibiotics-working>

## Use free Education Resources for Professionals and Patients

Check out the antimicrobial stewardship resources in the [TARGET antibiotics toolkit hub](#) for your own CPD /revalidation and to educate patients. [Sign up for a webinar](#) – the first one on Wed 27<sup>th</sup> Nov at 18.30 will cover patient perceptions of infections and antibiotics and will review resources and techniques for non-prescription options, shared decision making, self-care and safety netting.

## Ensure NHS Grampian Antimicrobial Guidelines are easily accessible

Download the Right Decisions app for access to NHS Grampian Antimicrobial guidelines or create a shortcut on your desktop to the

following link. <https://antimicrobialcompanion.scot/nhs-grampian-orkney-shetland/primary-care-guidance/>

**Make your pledge** as an individual or sign up your pharmacy at [Antibiotic Guardian](#).
