NoS Care Portal Access

Following feedback from pilot users, the process for Independent Pharmacies to access NoS Care Portal has been simplified.

There is no longer a requirement to access the Portal via a VDI Link, it can be accessed directly from the following link. Please save this link to your desktop.

https://careportal.north.scot.nhs.uk/concerto/Login.htm

Select your Organisation from the dropdown menu and add your username and Password

N.B When you have finished using **Care Portal**, always logout using the **Logout** button on the top right hand side and close down the browser.
